the Associated Press. NEW YORK, Jan. 14.—A wage ncrease estimated at \$4,500,000 has been granted 60,000 employes of the American Railway Express Co representing an individual increase of 2% cents an hour.

The award was the unanimous decision of the United States Board of Arbitration, claims of railway conductors, baggagemen and brakemen were decided by the board in favor of the men on

The decision applies to American Railway Express Co. employes throughout the United States and is retroactive to Jan. 1, 1927. In addition to the flat increase to all employes, messengers on trein service will get an extra allowance of 41/2 cents an hour for handling mail or railroad baggage, and 8 % cents an hour where both mail and baggage are handled. These

special rates are effective from Jan. 13. The employes had asked for increases of 11½ and 12 cents an hour. The company contended that Government control, inflation and unprofitable contracts prohibited granting the demands. Under the railway labor act the

FEDERAL BUILDING **MUST HAVE ROOM** FOR POSTOFFICE

Alt Says Central Carrier Service Won't Be Affected by Removal to Nearby

ANNEX NECESSARY FOR PARCEL POST

Sentiment in Official Circles Strong for \$3,500,000 Structure on New Loca-

Ground floor space for a downtown postoffice station will be a necessary part of the new Federal Building, wherever located, Post-master Alt told a Post-Dispatch re-

porter today.

The urst floor of the presen Federal Building, occupying the city block bounded by Eighth, Ninth. Olive and Locust streets. now is occupied by Central station of the Postoffice. It was the main office before the present Postoffice Building at Eighteenth street and Clark avenue was erected in 1913.
Because of its central location, accessible from all parts of the business district, it has been felt that the public convenience would suffer by removal of central staion to any of the new location proposed, either to the east or to he west of the present location. Business men also have though it likely that the carrier service would suffer from removal to ss central location, and that the work would require more carrier and would take more time than a

Won't Affect Carrier Service. would suffer by removal for a few olocks. "We now have 51 carriers at Central," he said. "If the new location should be farther from some parts of the downtown section, it would be nearer to others, and if it should be too far from some places now served from Central station, they would be served from some other station. There is nothing rigid about the boundaries of our carrier districts, and they are changed whenever a

present, causing less prompt de

"We will need ground floor pace in the new Federal Build-ng. How much will depend in part on the additions made to the main Postoffice Building. We need an nex or a new building in the im nediate vicinity of the main Eighteenth street) Postoffice, to andle parcel post business.

W. F. Field, site agent of the reasury Department, when in St. ouis last month gave attention the matter of additional space sites in the Eighteenth street icinity. As has been told in dis-atches since his return to Washagton. Field has prepared a repor Secretary Mellon and Posts -General New, recommending that the Government sell the pre nt Federal building, the old Cusom House at Third and Olive streets, and the Government-owned site at Fourth and Chestnut streets, and erect a \$3,500.000 to \$4,500.000 structure on a new site, somewhere west of Seventh street and east of Twelfth boulevard. ¶Or, he will suggest, the city may donate a free

the Memorial Plaza. The Field plan would involve urning over the present Federal uilding site to business interests. This would probably mean, in tim the placing of a new office building or a large mercantile house, of a combination of both, on this cen-

ral and very valuable block. This proposal is viewed in two usiness men near the Federal uilding. Olive street office building interests might not be beneted by a new large office building at that point. On the other hand. Locust street property would benefit by the opening of a through sidewalk north of the Federal building, across the space new oc-cupied by mail trucks.

William Sacks, owner of the Victoria building at Eighth and Locust toria building at Eigenful and Locate streets, and Republican politician is understood to favor removal of the Federal building. So is Jacob L. Babler, former Republican naonal committeeman, who has hoi interests on Pine and Locust streets. Sacks, Babier and Nat Goldstein are close to the present group of Federal building office holders, who are generally in favor

So strong is the sentiment in official circles for vacating of the present centrally located and valuable site that Field, when here, heard very little talk in favor of keeping the building where it is. He said, when asked about the matter shortly before his return to Washington, that the present building could be increased in height, but that an "architectural monstrosity" might result. His re-

favor of removal Community Body Elects Officers. At a meeting of the Fountain Park Congressational Church last nght, the Fountain Park Commu-night, the Fountain Park Commu-follows: R. C. Raiston, president; L. F. Newhall, vice president Mrs. R. A. Heist, secretary, and

Ax During Quarrel.

PLYMOUTH, Ind., Jan. 14.—Mrs. Emma Werner, 48 years old, who killed herself with a shotgun yesterday, following the death Tuesday of Russell West, her 20-yearoid ward, caused the latter's death during an early morning struggle at their farm home near Cuiver, to Coroner R. E. Johnson.
Young Werner, according to the

deposition, said his mother told him she and Russell got into a fight after the morning chores and she said Russell struck her with an ax. Werner said his mother fold him she grabbed the ax and struck Russell with it, Russell la-ter falling downstairs. Werner said he came into the room at that time, and saw his mother place a belt around West's neck and draw it tight, dragging his body back under the stairway. She then called a doctor. Werner said, and

wen' back to bed.

Mrs. Werner Wednesday maintained the youth died after accidentally falling down the stairway. She was questioned all day by R. E. Johnson County Coroner, as to the cause of the death of Russell West. A note written in lead pencll on a scrap of paper found after she killed herself, said:

"Don't blame Elmer for any of this, as he did no know a thing about it. I did it all He killed Russell, too. I know, for I saw him after it was done and he will kill me now, so I will heat him 'o it. Forgive me all. Don't let any-one see my body. Have a private funeral. (Signed) Emma J. Wer-

40 BILLS INTRODUCED

Governor's Proposed Nuisance Taxes the First Measure Presented.

By the Jefferson City Correspond ent of the Post-Dispatch. JEFFERSON CITY, Jan. 14 .to 150 usually offered in the House on the first day for introduction

The first bill - introduced was Gov. Baker's proposed separate school support fund measure, offered by Representatives Philip Fowler of Adair County and W. E. Freeland of Taney. The measure is designed to provide additional revenue, estimated at \$7,000,000 a year, to be divided equally between the public schools and the State educational institutions. As has been told, the bill proposes a tax of 10 per cent on admissions to motion picture theaters, operas and all others shows, boxing and wrestling matches; baseball games and all other athletic or sporting exhibitions, and a tax of one-half cent on each 5 cents for all cigars, cigarettes, chewing tobacco, and other manufactured tobacco sold in the State, the tax amounting to 10 per cent, being levied on the first sale within the State.

The third taxation proposal in the bill transfers the present State inheritance tax from the genera, revenue fund to the proposed separate school support fund. Dr. Richard Ray of Kansas City introduced a bill of two brief

paragraphs, seeking to abolish the State Public Service Commission repealing the chapter of the state laws that established the Would Tax Phone Poles. Ray introduced another bill levy-

ing a tax of 25 cents on each tele-phone, telegraph or electric lighcompany pole along any public road or highway, the tax to be collected by the State Tax Commis-sion. The bill provides the funds collected shall be placed in a "county road fund" to be expended under the direction of the State Highway Commission on road construction in the counties in which he tax was collected. A bill by Jones Parker of St.

Louis provides that the Supreme Court Commission be retained for another four years, and that the commission be increased from four members to six, to enable the Sudocket in the face of a heavy increase in the number of appeal cases. The Commissioners perform the same duties as Supreme Judges, and write opinions, but do not have Another measure introduced b O. J. Page of Springfield, with the approval of Gov. Baker, requires the State Tax Commission to biennially make a thorough investigation of public expenditures, recommend economy measures and submit a budget to the Legislature after hearings on the appropria-tion needs of each State department. This bill apparently is in-tended as the administration's subproposed in budget and department onsolidation measures drafted by he Missouri Association for Econ-

my in Public Expenditures. Representatives D. L. Baies of Shannon, A. C. Wilson of St. Louis County and Freeland of Taney of-fered a bill, which would establish a legislative and revision and research committee to prepare revision bills in advance of the 1929 revision session.

Among other bills were measres limiting the expense accounts of state officials and employes on official business to \$5 a day in the larger cities and a \$4 a day elsewhere in the state: requirin plain labeling in English of all drugs of coal tar origin; providing for construction of connecting roads between state highways and state parks by the highway commission with funds subscribed loally, requiring all drug stores to obtain a permit to operate from the State Board of Pharmacy and giving that board powers to revoke the permits; abolishing the State Roard of Immigration and provid ing alternative penalties of deat or not less than 20 years in priso for persons convicted of first de gree robbery.

Two bills strike at the practice of the Secretary of State in awarding contracts for publication of the text of constitutional amendments or initiative proposals, in advance of elections to personally selected newspapers in each county. These contracts, under past custom, are et at the maximum State rate. The two bills would requir award of the contract to the lowest bidder in each county.

Basketball, newest of the competitive sports, has become America's national game. It eclipses baseball in number of teams and players, outnumbers golf in number of active participants, and seriously threatens the leadership of other sports. Invented scarcely more than 30 years ago, rostered by the Y. M. C. A., and played under tender" rules, the game has grown to an extent undreamed of by its originators. -At least 6,000,000 boys and girls are playing it on nearly half a million recognized teams this winter and mo one can even guess the number who play it sporalically. How huge has been the development of the supposedly "gentle" game may be judged from the fact that four leading manufacturers sold more than 250 flog bask-thalls, last season. More than 1200 gymnasiums were built last year or are being built now, and more than \$50 .-960,000 was spent last year on buildings designated chiffy for basketball.

SUPER-SHELL — the new anti-knock, quick-starting, high-power gasoline is here -and is acclaimed by motorists a most notable advance in gasoline refining.

Heretofore, as motorists havediscovered, anti-knock gasolines have been slow to start, and quick-starting gasolines have lacked noticeable anti-knock qualities.

SUPER-SHELL is different in a class by itself—the gasoline that does everything that motorists demand stops knocks, starts instantly in cold weather, improves the power and performance of any car.

> Super-Shell costs you only three cents a gallon more. On sale at Shell yellow and red stations everywhere ... and at Shell dealers wherever the Super-Shell sign is displayed.

And it does all these things the natural way—without added chemicals or other foreign ingredients. From first to last, it is nature's own product-safe for you to use—safe for your car.

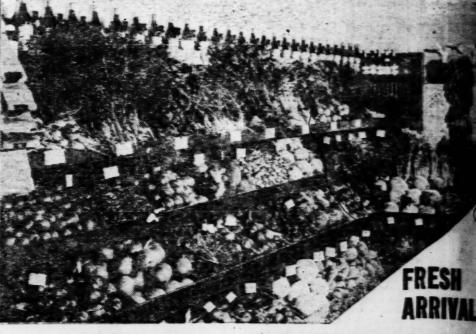

Try SUPER-SHELL today. See for yourself how instantly it starts - how it stops the knocks-quiets the motor—accelerates quickly-gives a remark-

able increase in power andimproves the entire performance of your car.

was driven out of Nicaragua. Chanorro was in control of the military forces. Sacasa was without means of protecting himself and escaped into another country from the efforts of Chamorro and his riends to capture him.

Chamorro's Iron Rule.

"Chamorro remained in control the situation for some months, seeking recognition upon the part of the United States, which he was ot permitted to have. During the me that he was in power, however, he completely broke down the Supreme Court. He drove the Liberal members of the court from the country, in some instances actually assaulting them, through his forces, and compelling them to flee for their lives. He also drove from membership in the assembly of the Congress certain Liberal members and seated in their places those who were known to be of his faction. After the Supreme Court was thus dealt with and the Congress was thus reorganized, Chamorro had himself President by the Congress.

"Here it is well to remember that the same Congress which elected Chamorro also purported to put through an impeachment proceeding against Sacasa. It is claimed that at a certain time Chamorro said to these members whom he had driven out, some of them out of the country: 'You may return.' As a matter of fact nany of them did not return. They did not feel that they would safe in returning. But the ongress which finally elected laz, was the same Congress hich had been doing the servce of Chamorro from the time became military dictator of Nicaragua,

"Think of the absurdity of our position this afternoon. We are sitting here, as others have sat elsewhere in this Government, construing a Constitution about which there is a controversy. Are we as a matter of policy going to eat a man about whom there is any doubt whatever? I say there is no possible doubt that Sacasa was elected vice president by an averwhelming majority, that we recognized him when we recognized the Government of which he was part. If he was out of the coun ry, he was out of the country by force. If he was absent, he was forced out, and now we are undertaking to seat a man who was a part of the conspiracy which drove him out of the country.
"This Diaz is the same Diaz who perated with Chamorro in 1909, 1910, 1911 and 1912. This Diaz is the Diaz who was with Chamorro when he conspired to capture the fort of Managua. He is the Diaz who was the president in 1911.

In 1911 and 1912, we are told by our own representatives, the opposition to them was overwhelming, one of them rating it as high as 80 per cent. I have not any doubt that at the present time the people of Nicaragua are opposed to Chamorro and Diaz. The best evidence of it is that when Chamorro was a candidate against Solorzano he was defeated nearly 2 to 1. The opposition is equally strong, apparently, at the present time.
"Now, if we are going to intervene in Nicaragua, it does seem to me that we ought to make an effort to prop up and sustain the expressed will and purpose and wishes of the people of Nicaragua. Merchants' Body, Through Special Committee, Sets Forth Reasons for Opposition to Measure.

DISSENTING REPORT OF DAVIS INDORSED

egality of the Proposal Questioned and Its Clauses as to Franchises Are Assailed.

Merchants' Exchange, through an authorized special com mittee, today issued a statement of opposition to the trade of uses of the Municipal and Eads Bridges between the city and the Terminal Railroad under terms set down in the ordinance of the Citizens' Bridge and Terminals Committee, which has instructed that the ordinance be introduced to the Board of Aldermen.

Three members of the Special Committee of the exchange are members of the Citizens' Bridge and Terminais Committee and, with J Lionberger Davis, banker and a representative upon the committee of the Chamber of Commerce, cast their votes last Tuesday against approval of the ordinance by the Citizens' Committee and against its introduction to the Board of Alder-

In a preamble to their statement of reasons for opposition to the ordinance, the three Exchange members declare that they indorsed the dissenting report of Davis, when read to the committee and now reindorse it and "express their well-considered conviction that the criticisms and suggestions contained in Mr. Davis' report in regard to the proposed ordinance are sound and worthy of adoption by the people

of St. Louis." The three Citisens' Committee members, who also are members of the Exchange special committee, are Samuel Plant, Edward C. Andrews and Frederick B. Chamberlain. The other members of the Exchange special committee are George C. Martin, Jr., president of the Exchange; Charles Rippin, secry, and Charles E. Valler.

Reseons for Opposition. The following reasons are stated the opposition of the Merchants Exchange to the ordinancer That it wholly fails to soamplish the purpose that the peoole of St. Louis had in mind when hey voted money to build the Muicipal Free Bridge, namely, that

he said Bridge should be free of oll as to traffic carried over it and hat the bridge arbitrary should

the use of the Eads Bridge top leck and tunnel for the use by the mailroads of the railroad deck of the Municipal Free Bridge will not satisfy the original demand of the neople of St. Louis and was not in heir minds when they voted to build the Municipal Free Bridge. That the proposed ordinance will forever fasten the bridge toll ipon the commerce of St. Louis and East St. Louis, going and coming, for the reason that the capital value of the Eads Bridge will be read into the cost of operation of the Municipal Free Bridge by the Terminal Railroad Association and pleaded as justification for the continuance of the bridge toll charges collected from the people. over and above the line haul freight rates. The Terminal Railroad Association will be in position to claim they must continue the present bridge tolls because they ntinue to pay about \$664,000 per annum interest on the hands of the Eads Bridge, and they must recoup themselves through the use f the Municipal Free Bridge fo \$425,000 net earnings now derived from the tolls collected on the top deck of the Eads Bridge, thus imposing a fixed annual charge of over \$1,000,000 upon the Municipal

Free Bridge, besides the ordinary charges for maintenance and op-eration. These charges would represent a capital value to be posed on the Municipal Free Bridge for the purpose of assessing earnings on traffic moving over the Municipal Free Bridge of about \$20,000,000 and a 5 per cent basis. whereas the City owns the Municipal Free Bridge, and the Terminal Railroad Association has no right to burden the Municipal Free Bridge with any capital obliga-tions of the Eads Bridge. "4. It would be giving the peo-

ple of St. Louis a lame duck of a bridge in exchange for a modern weil-located, tunnelless Municipal Free Bridge. Question As to Legality.

Railroad Association even to lease the Eads Bridge to the City is seriously doubted by legal authorities and in view of these adverse opinions, it might very easily happen that if the proposed exchange of bridges were consummated, the citizens of St. Louis might wake up some morning and find that the Terminal Railroad Association had gotten not only the Municipal Free Bridge railroad deck, but that hey also had taken back the Eads Bridge top deck and tunnel, because any bond holder of the Terminal could bring suit to annul

Harold J. Walters, 18, Confesses Eleven Holdups in the Last Three Months.

A holdup man, wearing a Charlie Chaplin mustache, Valentino sideburns and flashy clothing, walked into a trap last night and detectives brought to a close the vigilant watch they had kept for him since Thanksgiving day.

He said he was Harold J. Walters, 18 years old, of 2244 Wheaton avenue, St. Louis County. He ad-mitted participation in 11 holdups in the last three months and was identified by eight of the robbery victims, most of them Kroger managers and 'proprietors of small stores. The total of his loot was placed at about \$500. In all but three of the jobs he operated alone. after his partner in crime, Joseph Stephens, was arrested on Nov. 26. Taken After Long Vigil.

It was the arrest of Stephens, now in the penitentiary on his plea of guilty, which ultimately brought about the capture of Walters. Stephens, in his confession of three Kroger robberies, described his accomplice as a well-dressed youth named Walters who sometimes visited a flat at 1319 Seventh boulevard. Police at once set a watch on the place and maintained it constantly for seven weeks, convinced eir quarry would return. About :30 p. m. yesterday he walked in. BUCKWHEATS

-her old-time recipe with choice buckwheat flour added

Every so often there comes to men a 'onging from boyhood days—a han-kering for "buckwheats" that are really good—for fragrant cakes with that old-time "kick". And that's what millions of women are giving their husbands this very month: bringing that little grin of youth to their lips. They have discovered a way that works-Aunt Jemima's famous recipe.

All the light tenderness for which

her cakes are famous with the keen. savory taste of buckwheat at its best: this is what you get with Aunt Je-nima Prepared Buckwheat Flour in the yellow package. It brings you her own ingredients, her famous recipe adapted by experienced ooks, ready-mixed, with just enough ooice buckwheat flour to give the true, old-fashioned "tang".

So simple today to have these tender "buckwheats"! No need to wait overnight for the batter to rise. Just add a cup of milk (or water) to every cup of Aunt Jemima Prepared Buckwheat—and stir.

Watch your husband's eyes light up when his teeth close on his first Aunt lemima Buckwheat cake. Plan now Jemima Buckwheat cake. Plan now to test this famous recipe, ready-mixed. Your grocer has Aunt Jemima Prepared Buckwheat Flour in the yellow package. Remember, too, how much your family likes those wonderful plantation pancakes—the kind you make with Aunt Jemima Panyou make with Aunt Jemima Pan-cake Flour in the red package. TODAY a sterilized Bathroom Paper is available to you. A paper as soft and white and sanitary as sealed hospital cotton-that offers you and your family new hygienic protection at no added cost.

A safeguard to your health

Modern medical science has traced many ills to careless hygienic methods of our everyday life. Seemingly trivial things that often endanger your health.

That is why Physicians and Surgeons everywhere recommend this sterilized Bathroom Paper. Why it is used in hospitals throughout the United States. Why foremost authorities urge Northern Tissue as a precautionary step-to. safeguard health.

Made by an exclusive process Northern Tissue is sterilized 20 times in Pruritis Ani.

manufacture by our own process. Thus every roll comes to you clean and sterile. A cultural test of this Bathroom Paper,

conducted by the nationally known Columbus Laboratories, proved it to be as sanitary as sealed hospital cotton.

Why take chances?

Now you do not have to use common fibrous toilet paper, to which Doctors attribute many rectal troubles. Such as

\$15,000 PRIZE FOR WOMEN IN 22-MILE SWIM

Race From Island to Mainland Will Be Started Tomorrow Morning With 20 Mermaids Competing.

AVALON, Santa Catalina Island, Jan. 14 .- Daring and confidence taken into account, the women entries in William Wrigley's \$40,000 ocean marathon, which is scheding, have as much of a chance to swim the 22-mile gap between Catalina Island and the mainland

Mrs. Lottie Moore Schoemmell of New York has complete confidence in her ability to negotiate the cold waters and carry off the \$15.000 to be given to the first woman who spans the channel. A fast swimer and accustomed to cold water, Mrs. Schoemmell is one of the favorites among the 20 women entries. She recently swam the Delaware River when it was flecked with ice cakes, in 10 minutes and

"And," continued Mr. Wester, "as for Herb Extract, formerly called Herb Julce, having an equal, well, to my way of thinking there is none, at least I never found it, and I had used about everything I could hear of trying to build myself up and get rid of constipation, which was the direct cause of all my trouble. The best way I know of to explain my condition is to say I was simply worn out, had absolutely no energy, and even though I always felt tired and worn out when night came I could not sleep or rest on account of my nerves. My appetite was so poor that I very seldom felt like eating a thing and what little I did eat did not agree with me, as my food would sour and ferment instead of digesting as it should. I kept reading so much in the papers about Herb Extract, formerly called Herb Julce, and they all say they find it to be satisfactory in day was for a friend of mine. As for me, well, I never expect to be without a bottle of it on hand, and will be glad at all times to tell others of the good this medicine has done me."

A Sunday Post-Dispatch Magazine writer has been to Leavenworth where he interviewed Galen Elder who is serving time for making moonshine whisky. Elder tells an astounding story of how certain officials charged with "law er.forcement" encouraged him to continue his illicit occupation, and how they continued to collect money from him for alleged protection. As a result of Elder's disclosures, 15 were dismissed from service after investigation.

NEW YORK, Jan. 14.—Spirited bidding for shares of the Lehigh Valley Rai road in late dealings on the New York Stock Exchange to day in which the price soared to a new high record at \$121, on advance of more than 13 points, was accompanied by reports that certain railroad interests were buying for control of the property.

Wall street has heard recently that interests affiliated with the New York Central and Delaware & Hudson Co. have been accumulating the stock.

At one period of trading, the stock was offered at \$125. Though to buy started on a large order at 110½, which was quickly followed by heavy nurchases by aumerous floor traders.

does not produce symphonic

sounds, but it carries the sem-

blance of them about on it, so that its wearer may say quite truly that

she dresses to music. The gowns are quilted about the top portion

while big staves, clefs and notes of music are 'embroidered in black

silk as a border around the bot.
